BASTION

THE ULTIMATE COLLECTORS SAFE

KAVAL[®]
SECURITY SYSTEMS & EQUIPMENT COMPANY

BASTION - LUXURY SAFE FOR YOUR VALUABLE COLLECTIONS

BASTION is a Luxury Safe, Tested and Certified for Fire Resistance by UL (Underwriters Laboratories Inc, Chicago) and certified for 120 minutes

Fire Protection: UL 72 certified class 350

CONSTRUCTION

- Double walled steel body and door.
- Automatic mechanism to ensure bolts are in place and able to resist fire whenever the door is closed.
- Interlocking systems for double doors models to prevent the safe from being left open.
- Anchoring facility to fix the safe on the floor and prevent from unauthorized removal.

FIRE TESTING

- To ensure that you benefit from advanced fire resistance, the Bastion range is subjected to an extensive fire testing process that consists of placing the cabinets in a furnace, heating it to a temperature of 1000 degree C or more for two hours, and analysing the internal temperature both during furnace heating and the cooling down process once the furnace burners have been turned off.

CUSTOMIZATION

- The safes can be painted with any colours.
- The safes can be covered with Genuine or Artificial Leather with any colours.
- The drawers can be made with any Wood or covered with Genuine Leather/ Artificial Leather/ Microfibre.
- The interior of the drawers can be made with Linen, Alacantara or Suede.
- Different types of handles can be provided.
- Push to open, pull to open, removable drawers can be provided.
- We can tailor the safe's interior to your specific needs, incorporating multipurpose storage, designated drawers, and a gun rack if desired.

LOCKING OPTIONS

- Manual key lock or high-security electronic lock (Class B) or dual locking facility.

Electronic Lock Features:

- 1 master code & 1 user code.
- Time delay: Up to 99 minutes before door unlocks.
- Opening window: Adjustable between 1-19 minutes.

Jewellery Safes

Our customized Luxury safes are designed with specialized interiors to prevent damage to delicate your valuable jewelry. Soft linings, dedicated compartments, and watch winders ensure your items are stored safely.

Gun Safes

Secure your rifles, precious jewels, and valuable watches, all in a secure space of unmatched skill. Where fortification harmonizes with sophisticated living.

DRAWER OPENING FOR BASTION DPC670

DPC 670 INSIDE A CABINET DIMENSIONS

Safe Door Clearance

Our Bastion Luxury safe is designed for seamless integration into wardrobes and cabinetry. For optimal functionality, ensure a **125-degree door opening** with the following clearance:

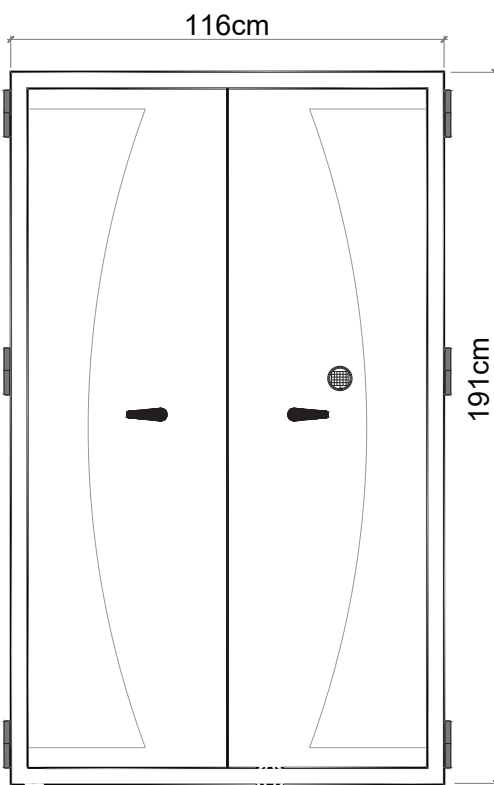

- **115 cm in front for unobstructed door movement**(BASTION DPC320 AND BASTION DPC400)
- **179.7 cm in front for unobstructed door movement**(BASTION DPC670)
- **Adequate side clearance to prevent interference**

This opening angle allows effortless access to valuables, including watch winders and jewelry trays.

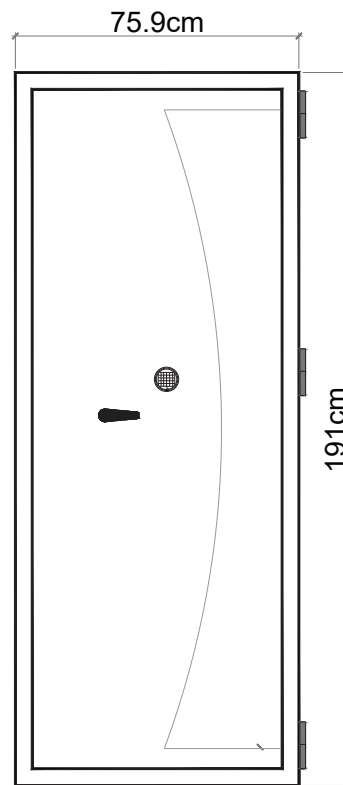

To ensure a hassle-free installation, our safe experts can visit your site to consult with your contractor and determine the exact dimensions needed for your wardrobe construction. This guarantees a perfect fit and smooth operation once your safe arrives.
