DOOR SWING

Safe Door Clearance

Our Brawny Luxury safe is designed for seamless integration into wardrobes and cabinetry. For optimal functionality, ensure a 125-degree door opening with the following clearance:

- **98 cm in front for unobstructed door movement**
- **Adequate side clearance to prevent interference**

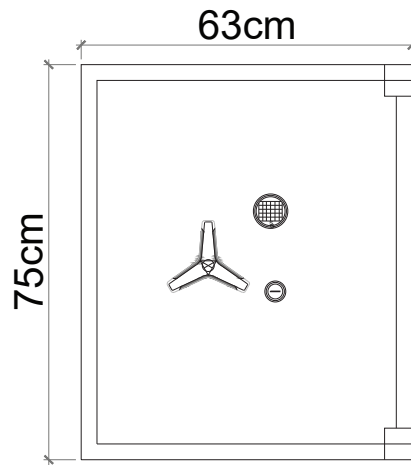

This opening angle allows effortless access to valuables, including watch winders and jewelry trays.

To ensure a hassle-free installation, our safe experts can visit your site to consult with your contractor and determine the exact dimensions needed for your wardrobe construction. This guarantees a perfect fit and smooth operation once your safe arrives.
